Missionary of the Week: Shepherds College — Union Grove, Wisconsin — We see God provide “all that we need” everyday for our students and staff as we minister to students with intellectual and developmental disabilities. With all the restrictions that our students have had to contend with this year, we thought it would be nice to bring some life to the campus for the Christmas season. In one day, friends, trees, and even a reporter made their way to our campus the next day to take part in our version of the “Miracle on 15th Avenue.” God gave to us “above all that we could ask or think.” God is so good! God certainly does care for our students and has a plan for their lives. Shepherds College provides an opportunity for disabled students to discover and maximize their unique abilities as they seek to grow in independence. We are grateful that more and more students have been able to pursue their dream of attending college because of the generosity of people like you. Please pray that God would help us replenish our scholarship fund.
