Missionary of the Week

Tom & Donna Wolfe - IPM Educator Abroad Earlier in 2023, I had more skin cancer and Donna was diagnosed with breast cancer. she had successful surgery in February. My two areas have healed and Donna completed her radiation in mid-May. She is doing very well now. Since then, I was diagnosed with prostate cancer in March. I am expected to start a 28-session series of radiation treatments after a couple other procedures are performed. Please pray the treatments are effective with few, if any, side effects. I was planning a trip to the Ivory Coast, West Africa for August, but due to the radiation schedule I have postponed that trip until 2024. God opened another door for a trip to Kenya, East Africa in September, 2023. I will be helping a new missionary, John Njoroge with the Bible College there. I am also on schedule for travel and ministry in the Philippines for this November as well. Please pray as we continue to labor with new church plants and to prepare the Lord's laborers for His Harvest.
