Bob & Diana Rutta – New Zealand –The Lord has brought a mission field right to our doorstep. New Zealand is a farming country. The workers at the freezing works, or butchers, play a crucial role in the economy. It turns out that one of the larger freezing works companies will bring in about 120-150 immigrant workers over the course of a year and will provide housing for them. We have seen some of them already at our church. Three months ago, we began to have Bible studies on Saturday evenings with them. There is a mixture of religion among them. One of the workers is stronger in his faith and is being a big help to get these studies organized. Please pray that we are able to effectively reach this mission field.
