Warren & Lara Vergiels – Brazil - There is a growing number of people who have suffered spiritual abuse or have witnessed moral or financial impropriety from pastors or church leaders in Brazil. So, they attempt to do church on their own. However, many soon feel empty and spiritually cold as they have neglected the local church. One such family began to feel the need to find a good church, and they came across our church. They have been attending faithfully for several months now and have completed our new member’s class. One of our church members is a professor at a local university. He had a burden to start an outreach ministry at the university and asked pastor Sid and me to hold a time of Bible study and prayer for whoever wants to participate. There have been several individuals from the university that have participated so far. Please pray that God will bless this ministry.
